

»Perhaps the world will become a little more thoughtful«

Inclusion World Championship for Sailing

11th -13th October 2020
NRV | Hamburg | Alster Lake

Supported by World Sailing and the German Sailing Association the NRV hosts the first World Championship of inclusive sailing on the Alster Lake – the most beautiful sailing area of the world – right in the center of Hamburg.

The venue - The City as a background and the Alster Lake as the sailing waters

The races will be sailed on the Alster Lake. The Alster Lake is located right in the city centre of Hamburg. Hardly any other place offers such a wonderful opportunity to present sailing in the middle of a big city. Hamburg's latest landmark the Elbphilharmonie Concert Hall and St. Michaels' Church spire can be seen in the background – sailing in the middle of the city.
